Aixsa Perez, M.D.
Health Officer

Minimum Requirements:

State and local Ordinance requires certain minimum criteria to be satisfied prior to a permit being written or an onsite sewage disposal system being installed. This information is conveyed in writing to the owner/applicant. The system type, size and location criteria are provided in a format relative to the number of bedrooms in the home.

Note: Any minimum requirements provided which indicate the installation of a **Flood Dosed** or an **Elevated Sand Mound/Pressure Distribution System** **MUST** be submitted with the appropriate worksheet.
